Spring Has Sprung

Our lovely weather in April brought out the flowers, gardeners and carpenters for a busy time around the village. It was lovely to spend time outside and connect with others (at a social distance). The gardening committee was busy making plans for the lovely gardens that we all enjoy so much in the Village. Look for a Spring Gardening Newsletter that will be coming to your mailbox soon with details on a Hanging Flower Basket contest.

Marlene Cameron

May 31, 1932 - April 14, 2021

It is with great sadness to announce the sudden passing of Marlene. She was predeceased by her husband Jack and two daughters Lisa and Shawn. She will be survived by her son Brad, her brother Lorne, son-in-law Ross, grandchildren Alexis, Nealy, Michael, Connor and great grandchildren Savanna, Braxton, Blake and Dawson. She will be fondly remembered and deeply missed by many. She was a true sweetheart.

Tech Corner

If you do not have internet and would like to keep in touch with others but will not use it enough to make it worthwhile, you may consider talking to your neighbour about sharing your internet. There are several strong signals out there and I would be happy to help people get set up with a gmail account (for your mail) which gives you access to YouTube (live streaming for meetings, pod casts, music and church services etc.) Google Docs (for word processing) Calendar (for all those reminders) Play (for reading books) and many, many more features. A gmail account is free so worthwhile having even if you have another email account.

I have met with several members helping with their technology and am happy to help.

Please feel free to call me if you have any questions or things you would like to add to the website.

One of the latest scams is that you are called to say you have won the lottery or ask to donate to a charity, then ask for personal information

Never give personal information over the phone.

Household Tips

8 Smart Ways to Cut your Energy Bill Costs

4. Close the blinds

It might feel good to bask in the sun's rays from the comfort of your living room armchair, but consider the cost of that lounge session.

"Closing the blinds and drapes in hot summer months keeps the sun from beating in and causing excessive heat in your home," says **Elizabeth Dodson**, co-founder of [HomeZada](#), a home management app.

That excessive heat makes your air conditioner work overtime, pushing your energy bills sky-high in the warm months.
